**G**ilbert Antonio Danet was born in St. Thomas, VI on November 9, 1942 to Octave and Josephine Danet. He grew up in Frenchtown with his two brothers and three sisters. He attended Sts. Peter and Paul School. From the age of fifteen, he joined the working force as a delivery boy and he later worked at Lucy's and I.F.S. Supermarkets. He then became self-employed as a landscaper and gardener. This was a job he truly loved because he met so many people, especially older folks who became his best friends.

**H**e was a great fan of the Yankees; no wonder they lost this time, he was not there to cheer them on. He also played softball until a few years ago.

**J**unie was a fun loving guy, the light of the party. He didn't like to travel, but he could brag about his trips to London, Paris and especially his excursion to the French Alps, where he saw snow for the first time. He made many trips to the US mainland to visit Mimi and Pat and their families. He enjoyed cruising around the Caribbean. But most of all he enjoyed his frequent trips to St. Barths. While there he took care of his home and garden and went fishing with his buddy, Jean-Marie. He had many fish stories and what a memorable souvenir when they caught that barracuda. Every time he spoke of it, it kept growing; by now it is the size of a whale.

**J**unie was always eager to lend a hand. He was an usher for a while at St. Anne's Chapel where he attended mass every weekend. His faith in God and his devotion to the Virgin Mary kept him going during the last twenty months of his illness. He never complained but trusted in the Lord that things would get better.

**H**e was a wonderful husband, a great father and grandfather. Always dreaming of better days to come, he enjoyed each day to the fullest, making every one around him feel special. Junie will live forever in our hearts. His spirit is alive in all of us; his family and friends. May the good Lord receive him in the circle of eternal love, nurturing him with his beloved departed Mom, Dad and brother, John.

*Junie we love you.*
